Wednesday May 18, 2011

One typical day I was too tired after working all day long to cook for myself, and I was very hungry. I really wanted something to eat, so I decided to find a burger.

I ordered a half pound burger and a lamp and chicken sandwich I also made some special orders for extra cheese and vegetables

Food arrived very fast (less than twenty minutes) and was hot and fresh

The burger was delicious and left me waiting more fortunately I had the sandwich left. It felt as if it had been cut just a minute before I opened it. Juicy fresh and great.

Every single special request I made was completely satisfied too.

And the best thing was that all of the above and some drinks

Cost me ONLY 10 dollars If that doesn't say value for money I don't know what does

It certainly feels great to find new excellent food delivery companies for whenever you don't feel like cooking yourself. I recently had a bad experience with my usual take away restaurant so I decided to change to something else and on my first try I got what I wanted order now from Swift pizza and Sandwich House.
