Who is the President?  
The White House is finished, over - so we use the past simple.  
The White House started in the past but it continues now - so we use the present perfect.

The Present Perfect in this way, joins the past and the present and speaks about both.  
The present perfect used in this way means "unfinished past".

Examples:

I have lived in this house for 18 years. I love it!  
He has worked for this company since 1987 and is now department manager.

In both these examples, the action started in the past but continues still today. If the action started and finished in the past, we must use the past simple:

I lived in that house for ten years but then I bought a new house in the country.  
He worked for IBM for six years, then went to work for Microsoft.

Write sentences in present perfect. Take into account time expressions:

Ride	see	forget	walk
Steal	eat	try	put
Cook	forgive	watch	live
