

we they - have - / or we they

My wife and I travel as much as possible since we retired. We've visited cousins in Australia and we've been to New Zealand twice. We've also been to Europe a lot. Safari in Africa, we've been to Paris, in Madrid and several cities in Italy. We haven't visited Prague and Budapest yet though. We hope to visit Prague and Budapest next year.

My sister Betty was born in the United States and she has never traveled outside the country - except once when she was very young. But she has been to a lot of places in the national parks: The Grand Canyon, Yellowstone, and the big cities. For a while she has lived in four different cities: Los Angeles, New York, Boston, and San Francisco. I think she has more or less owned her own company.
