Hail Maria

Hail Mary, Full of Grace,

The Lord is with thee,

Blessed art thou among women

and blessed is the fruit

of thy womb, Jesus.

Holy Mary,

Mother of God,

pray for us sinners

now and at the hour

of our death

Amen.

Our Father

Our Father, who art
in heaven,

Hallowed be thy Name

thy Kingdom come

thy will be done on earth

as it is in heaven Give us

this day our daily bread

and forgive us our

trespasses

as we forgive those who

trespass against us and

lead us not into

temptation

but deliver us from evil

Materials

A material is what something is made off.

There are 5 basic materials, most things are made.

materials. Some things are made of metal. Some things are

made of glass. Some things are made of cloth. But

they are not used as much as these 5 materials.

Let's talk about metal first. Metal is heavy.

And it is very hard and strong, usually feels cool

if you touch it. We use metal to make lots of

things. We use it for cars. We use it for keys. We

use it for cars, we use it for these things because

it is very strong.

Now let's talk about wood is than metal and

glass, it is not as strong as metal. But it is

not strong. It breaks very easily then why do we

use it, we use it.
