10. Tom will have been doing nothing all the time

ANIMALS FROM VIDEO:

- Antarctic Krill
- Gentoo Penguin
- Humpback whale
- Orca the killer whale
- Leopard seal
- King Penguins
- Elephant seals
- Polar Bear
- Seals
- Narwhal
- Walrus

Gentoo Penguins are native to sub-Antarctic islands where chilly temperatures allow for ideal breeding, foraging and nesting conditions. Despite living in cold climates, gentoo penguin typically live in ice-free areas like flat, rocky beaches and low-lying cliffs where large colonies of individuals can gather.

Like other penguins species, gentoo penguins rely on the ocean for food and are never far from the water. These penguins take advantage of stream-lined bodies and strong "flippers" in the waters to dive more than 600 feet deep and swim up to 22 miles an hour.
