Que es un conector

Connectors are used between two separate sentences.

There are four types of conjunctions: coordinating, correlative, subordinating, and conjunctive adverbs (discussed elsewhere)

One sentence can contain multiple types of conjunctions and often does

Que es un linking word

Linking words or linking expressions are simply words and expressions that tie whole sentences, parts of sentences, phrases, or individual elements together to establish a smooth transition in a text. The term "linking" means "connecting" and stands for cohesion

Diferencia

Los ~~es~~ connectors are used to join sentences and are short phrases or a single word. In return the linking words are to relate two totally different phrases
