**Choose the right modals verb in brackets, and then answer the questions.**

### MY BEST FRIENDS LIFE

I have many friends. But only two best friends. They are fond of dancing. They can dance very well. They always make a scene. I usually tell you about one of them. She could dance as well when she was little. She is 15 years old. She has danced for 10 years, but now she can't do it. Because she is not allowed to dance, because she has a problem with her legs. The first time she danced, but then her legs started aching. Then she asked for advice to her mother. Her mother sent her to doctor. And request her to really go. When she came to doctor she showed him her legs. The doctor prescribed her tablets. The doctor asked her for permission to dance. The doctor said to her that that now she can't dance. Because she really needed to dance. In the future she might dance. We are very happy that she is okay and she can dance. The doctor gave her permission for that. Our situation ended well.

## CONDITIONALS

1. How many friends does she have? \_\_\_\_\_
