Using the present perfect in this way is often used to talk about one's experiences of life. Have you ever...? is a common question.

- A: Have you ever visited Russia?
 B: No, I haven't. I would like to one day.
 A: Have you ever been to New York?
 B: Yes, I have. I went in 1993.

Note how, in the second dialogue, the person responding uses the past simple to say when he went to New York.
