READING COMPREHENSION

Public Health
The Guilford County Department of Health and Human Services is offering a free rabies clinic for dogs and cats on Sept. 28. The rabies vaccine will protect your pet against rabies and can be given to dogs and cats.

The State of Iowa requires that all dogs be vaccinated with rabies vaccine. Rabies is a deadly disease that can be transmitted from animals to humans. Rabies is a viral disease that affects the brain and spinal cord. When an animal is infected with rabies, it can become aggressive and attack other animals or humans.

The best way to protect your pet is to get it vaccinated against rabies. Rabies is a deadly disease that can be transmitted from animals to humans. Rabies is a viral disease that affects the brain and spinal cord. When an animal is infected with rabies, it can become aggressive and attack other animals or humans.
