

## activity

1 write the text in your english notebook and answer the questions

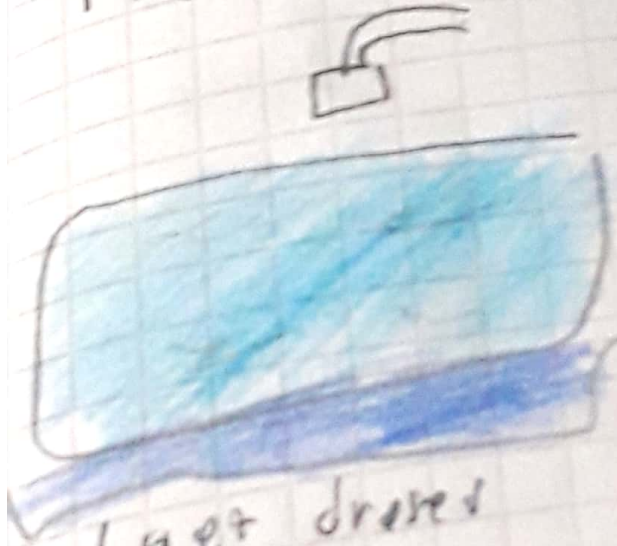

A robot is a machine but it is not just any machine is a special kind of machine and it does not get tired and it never complains unless you tell it to robots are all round us some robots are used to make things for example robots can help make cars some robots are used to explore volcanoes some robots are used to clean things these robots can vacuum your house some robots can even recognize words they can be used to help answer telephone calls some robots look like humans but most robots do not just look like machine long ago people imagined robots over 2000 years ago a famous poet imagined robots the poet's name was Homer his were made of gold they were called tripods and they were then called tin cans

i get up

I take a shower

I get dressed

comb my hair

I Have breakfast

I brush my teeth

go to school

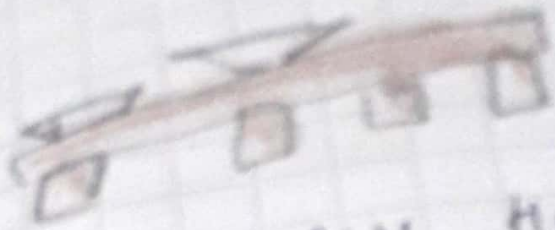

I start study

i arrive home

I have lunch

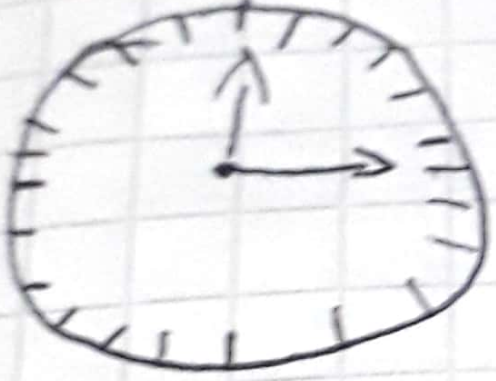

i go my homework

wath tv

wake up

Go school

True

False

and school

favorite program

home works

Sleep
