| 2 If an adjective has two or more syllables, we add the word in front to create the comparative form. | 1 In long adjectives, the comparative is formed with the term more before the adjective as beautiful |
| 3 We use to say that someone or something has an inferior quality, size or characteristic | 4 To form the comparative, just add -er to the end of the adjective as big |
| 5 When you refer to the two people/things you are comparing, you need to use | 6 Although most adjectives fall within the category of regular, however there are some that are irregular and that are very commonly used as good |
| 7 For irregular one-syllable adjectives in English, ending in a consonant and preceded by a vowel, you must double the final consonant as fat | 9 When the adjective ends in -y, you must replace it with -and add |
| 8 When the adjective ends | |
