Read the following text and answer the questions:

Yesterday Debbie had a job interview. She went downtown to the company. The interview was for an accounting job. Debbie graduated university 3 months ago.

Her interview was at 10:00 am. She woke up at 7:00 am and left her house before 8:00 am. She waited for the bus, but it was late. She was very worried because she did not want to be late for the interview. She tried to phone the company to warn them, but her phone battery was dead. When the bus arrived, it was almost 9:00 am. Then the bus was slow because there were many other cars. The bus finally arrived at Debbie's stop at 9:45 am.

Debbie ran from the bus stop to the office building. When she entered she saw a sign that said the company was on the 24th floor. The elevator ride took almost 5 minutes because many people stopped at different floors.

When Debbie arrived at reception, it was 9:58. She was in time!

"I am here to see Mrs. Lewis" said Debbie.

The receptionist checked her book and replied:

"She is not here today. What is your name please?"

"My name is Debbie Gregson."

"Sorry Debbie, but your appointment is tomorrow."

Debbie checked her agenda. It was true. She was wrong on the wrong day!

WILLIAM SHAKESPEARE

William Shakespeare was a poet and a playwright and is widely regarded as the greatest writer in the English language. He was born in Stratford-upon-Avon, in central England, in 1564 and died in 1616. His surviving work consists of 38 plays, 154 sonnets and some other poems. He is best known for his plays, which have been translated into every major language and are performed more than those of any other playwright in the world. When William Shakespeare was 18 years old he married Anne Hathaway, and they had three children. Shakespeare went to London to work as an actor and a writer. In 1599 the Globe Theatre was built in London and it was in this theatre, situated on the banks of the River Thames, that some of Shakespeare's plays were first performed. In 1613 the theatre was destroyed by a fire. However, a modern reconstruction of the theatre was built near the original site in 1997 so even today you can go to the Globe Theatre to see one of Shakespeare's plays.

Shakespeare's work is still very popular today. But why do we like these old plays? Perhaps it is because they all contain fantastic stories. His characters suffer bloody battles, deaths by poison, huge family fights, problems between brothers and sisters, problems between parents and children... The plays are also full of parties, weddings and funerals. They are quite simply action-packed.

Here is a selection of Shakespeare's plays. Maybe you've seen some of them.

The Merchant of Venice

This play is about the idea that people usually get what they deserve in the end, good or bad. Antonio, a businessman, borrows money from Shylock, a money lender. If he doesn't pay back this money in time, Shylock will cut off a piece of his body. Antonio loses all his business and must pay this terrible price... but is saved by love.

Hamlet

This play is about revenge and also about how difficult it is to take action sometimes, even when it is important. Hamlet's father is murdered by another man, who then marries Hamlet's mother. Everybody wants to see Hamlet dead. Hamlet must take revenge, but will he be able to? The famous quotation 'To be or not to be, that is the question' comes from this play.

As You Like It

This play is a comedy about romantic love. There is a battle between two evil brothers and two good brothers. People hide in a beautiful forest. They fall in love, women disguise themselves as men, and there are many jokes, songs and games.

Henry V

This is a history play about a famous English king and a famous battle, Agincourt. We watch the preparations for the battle, the fighting and the results. There are questions in this play: why do men fight? What are wars? Are they glorious or terrible?

Do the preparation task first. Then read the article and do the exercises to check your understanding.

Match the vocabulary with the correct definition and write a-e next to the numbers 1-5.
