Summer Rains

The worst days of any summer are
the rainy ones we spent all year
long for a nice weather and
long hot days all of winter
days at the beach laying on the sand
and soaking in the bright and burning
sun and then summer and it rains
as a child I would wait up to
rain. Rainy summer days and
come close the clinging seasons
fair we suffer though months
of school and miserable weather
weather from those occult ten
weeks of freedom and
brought my weather any day that

I could not stand at the beach or
playing ball with my friend seemed
like a punishment for some things
I did even do.
On those rainy summer days I had
nothing fun to do and could only
sit inside staring out at the
rain like a Dickensian orphan.
I was and only child so there
was no one else to play with
my father worked from home
so I was not really alone but he
could not actively play with
me since he was at work it was
those days that I would read
myself whether was on television
or my book that I could

find lying around I'd
crawl through the day and
pray each night that the rain
would not be there the next
day

as and adult though
my opinion of summer rain has
changed when you have to work
every day summer is not as
eagerly anticipated most of
the days run together bleeding
into each other so that days
no longer seem like separate
entities and instead feel like
seems monotonous

and dull and an ennuir listless
