

PAST SIMPLE

It is used to show that a completed action took place at a specific time in the past. The simple past is also frequently used to talk about past habits and generalizations.

EXAMPLE

I went to the shopping yesterday

I buy a house

I bought a house

POSITIVE I traveled to France last week

NEGATIVE I didn't travel to France last week

QUESTION Did you travel to France last week?

AREN'T FIREFIGHTERS COOL?

Monday I was playing videogames in the
hallway when I heard some shouting of
men and when the excitement was over
I was!

In the time I spent the summer around and
around against the fire for me here and they
make it. What they are really doing! One of
them called the house and saved the situation
they that was involved in the fire.

I made a decision: I want to be a fireman and
I gave up. I'm in school and I have to go
to high school for me to work. I'm
here and I'm sorry. I don't want. I was
already one of the newspaper. I don't
because I want a family of my own
and be really proud.
