The screenshot shows a web browser window with the URL <https://www.geogebra.org/classic>. The main content is a coordinate plane with a grid. A green line representing the function  $f(x) = \frac{1}{2}x - 1$  is plotted, passing through the points  $(0, -1)$  and  $(2, 0)$ . The x-axis ranges from -9 to 9, and the y-axis ranges from -3 to 3. On the left side, there is a list of objects containing the function  $f(x) = \frac{1}{2}x - 1$  and an input field labeled "Entrada...". Above the graph, there is a toolbar with various geometric tools. Below the graph, there is a keyboard input panel with buttons for variables (x, y, z, pi), numbers (7-9, 4-6, 1-3, 0), mathematical symbols (x, +, -, =, <, >, <=, >=), and a numeric keypad. In the top right corner of the graph area, there is a small video thumbnail of a person labeled "Diego Sachica". At the bottom of the screen, the Windows taskbar is visible, showing the search bar with the text "Escribe aquí para buscar", several application icons, and the system tray with the date and time "7:27 a.m. 17/06/2021".
