$$* \frac{13}{4} = 3 \frac{1}{4}$$

3 Enteros

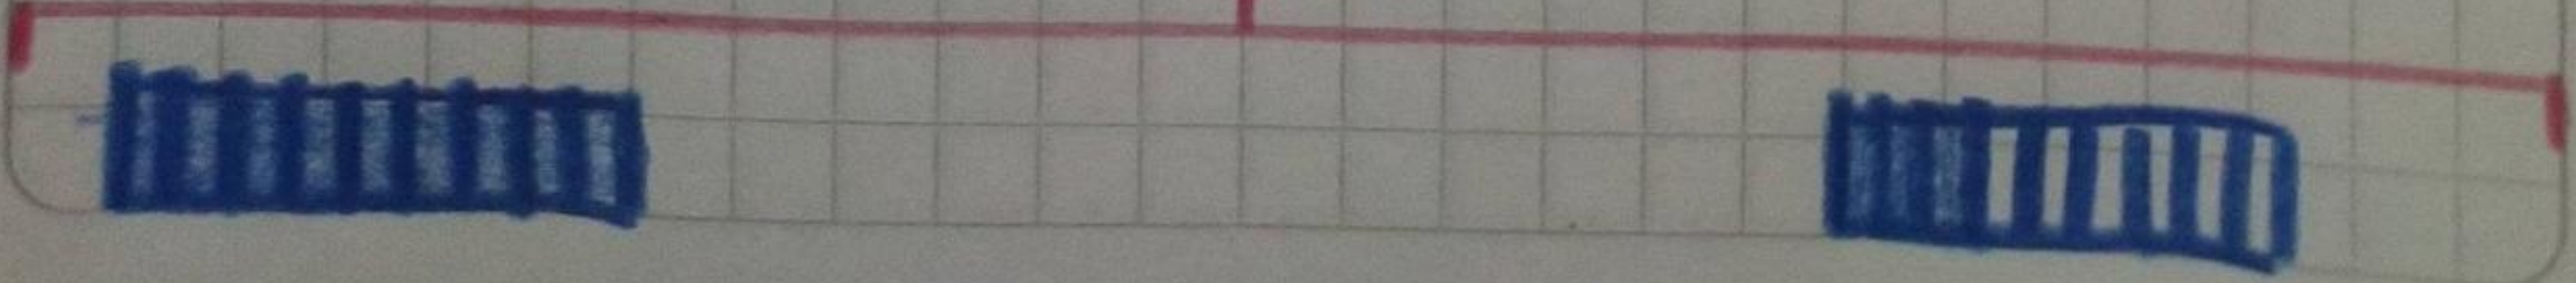

$$* \frac{14}{6} = 2 \frac{2}{6}$$

2 Enteros

$$* \frac{12}{9} = 1 \frac{3}{9}$$

1 Entero

$$\frac{7}{3} = 2 \frac{1}{3}$$

The diagram shows the division of 7 by 3. The quotient is 2 with a remainder of 1, which is then written as a mixed number 2 and 1/3. A red bracket highlights the 3 in the denominator and the 1 in the remainder.

2 Enteros
